HOME FOOTBALL RESULTS

Sunderland Regain Lead

Sunderland has regained the lead in the grim struggle for Championship honours in the First Division, when they beat Birmingham last Saturday 5-1 at home. The Arsenal was held to a draw at Huddersfield, losing a valuable point, while Stoke had to bow the knee to the Spurs, and Manchester City accounted for Preston North End.

Bolton, Brentford, West Ham "Manchester United" Notts Forest and Blackpool are all making a strong bid for promotion with the odds in favour of the first three. Bolton won at home, Brentford and West Ham shared points at Port Vale and Southampton respectively.

Owing to the Second Round ties of the Cup, only two matches in each of the two Sections of the Third League were decided. In the Southern Section Charlton is at the top, and in the Northern Section Tranmere with two games in hand, and Halifax, are in the lead.

The Rangers beat Hearts to take the lead in the Scottish League from the latter with a game in hand.

The results, as cabled by Reuters, with Tables to date, are as follows:—

ORDER IN THE SAAR

Arrangements For Police

London, Dec. 7. Arrangements in regard to the Saar International Force were being worked out in Geneva today.

The final composition of the force is not yet known, but it is hoped that, in response to the invitation from the League Council, contingents from certain other countries will join those from Britain and Italy.

It is understood that no nomination has yet been made to the command of the International Force, but if it is decided to have a Supreme Command it is assumed that it will be entrusted to a British officer. The convenience of such an arrangement, in view of the fact that the Chairman of the Saar Governing Commission, to which the Force will be immediately responsible, is of British nationality, is obvious. It is pointed out that the project for the despatch of the International Force to the Saar originated with the British Government.

It is now revealed that this method of ensuring maintenance of order in the Saar, which has been received with such general acclaim, had been under consideration of the British Government since it became clear that the French would prefer to stand aside.

Sir Eric Drummond, British Ambassador in Rome visited Signor Mussolini to-day and thanked him for Italy's co-operation in the Saar plebiscite arrangements. Appreciation of Italy's action has also been formally expressed to Il Duce by Germany and France.—*British Wireless.*

JAPAN'S AMBASSADOR TO MANCHUKUO

Tokyo, Dec. 8. It is informally announced that General Unami, former Japanese War Minister, and now War Councilor, will be appointed on Monday as Ambassador to the so-called Manchukuo and Commander of the Kwantung Army, succeeding General Taka Hishigari, who has been transferred to the War Council.—*Reuter.*

EXCESS PROFITS TAX IN JAPAN

Japanese trade competition succeeds mainly because of the low price at which goods are sold, but this apparently does not prevent large profits being secured. The Japanese Government, alive to this development, have decided to direct part of the profits to the National Exchequer by the imposition of an "extraordinary excess profits tax." In the case of corporations, when the profits earned by them in any one business year show an excess over the average profits during a period of two normal years preceding 1932, excess is to be subject to the tax, with certain modifications to provide for a reasonable return on capital employed. In the case of individual persons the excess tax is to be assessed on the excess of the business profits derived in any one year over the average profits during a period of two normal years preceding 1932, after a reduction of a further amount, duly defined, from the excess. The profits not exceeding a specified amount, around 6000 yen, are to be exempt from the excess tax. The rate of tax is to be about 10 per cent of the assessed amount of the profit. The tax will produce about 40,000,000 yen in a full year.

Always Needed

Betty and Bobbie were twins and had both been told that they must write letters of thanks for the birthday gifts they had received. Betty sat down and quickly wrote: "Thank you so much for the fountain pen. It's what I've always needed." Meanwhile Bobbie was chewing the end of his penholder for inspiration. As his sister laid aside her first letter, he surreptitiously glanced at it. Then he wrote: "Thank you so much for the cake of soap. They're what I've always needed."

HUNGARIAN REFUGEES

Over Two Thousand Arrive

Budapest, Dec. 7. The number of refugees, who have so far arrived in Hungary from Yugoslavia, is 2,436. Many more are reported to be awaiting transport to the frontier. It is believed that all Hungarians, numbering about 30,000, will be expelled.

The Hungarian Government has issued a nationwide appeal for relief funds and money is already pouring in.

The Archduke Albrecht is accommodating refugees on his estate near the Yugoslav frontier. It is expected that the frontier will be closed owing to the growing hostility of the Serbs against the Hungarians.—*Reuter.*

SHIP CAUGHT IN A STORM

A Terrible Voyage

London, Dec. 8. The Aarhus correspondent of the "Daily Mail" states that the British steamer, Orient City, arrived there after a terrible voyage from Dalen, via Panama.

Terrific gales were encountered off the west coast of the United States. Great waves continually swept the decks, the engine room staff were kept prisoners below. The rest of the crew sheltered on the bridge, momentarily expecting the ship to founder.

The vessel has put in at Mandanillo Bay, Mexico, for nine days, until the crew have recovered.

The ship was not damaged, but it is thought that water may have reached the cargo of soy beans.—*Reuter.*

LESSON SERMON

First Church Of Christ, Scientist Hong Kong

"God The Only Cause And Creator" was the subject of the Lesson Sermon in all Churches of Christ, Scientist, on Sunday, December 9th.

The Golden Text was "The Lord is the true God, he is the living God, and an everlasting King: He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion." (Jeremiah 10: 10, 12).

Among the citations which comprised the Lesson Sermon was the following from the Bible: "And I saw a new heaven and a new earth: for the first heaven and the first earth were passed away; and there shall be no more sea. And I heard a great voice out of heaven saying: Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God. And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away." (Revelation 21: 1, 3, 4).

The Lesson Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spiritually to understand that there is but one creator, God, unfolds all creations, confirms the Scriptures, brings the sweet assurance of no parting, no pain, and of man deathless perfect and eternal." (p. 59).

HINT TO END DISPUTE

Functions Of The Church

[Special to the "Hong Kong Daily Press" (Copyright)],

Wiesbaden, Dec. 7.

A strong hint was thrown out by the Minister of Interior, Dr. Frick to the Protestant Church to end the long standing dissension when in a speech held here on Friday he said "The Government has no interest in helping to finance the Church which is supposed to serve the spiritual needs of the German people but does nothing except to spread strife and discord among the nation."

Reviewing the origin of the Church dispute, Dr. Frick admitted that possibly the spiritual ministry in a desire to unite the 28 different provincial churches into one national Church had acted, too impetuously in issuing the decrees which had no legal justification, thus setting up resistance. This mistake had now been recognised by the Ministry which had begun to build up a national Church on the basis of the constitution of the German Evangelical Church about the legality of which there is no doubt.

Confirming the assurances given on former occasions that the Government had no intention of interfering with Church matters, the speaker went on to say that unfortunately there was good reason for believing that under the cloak of concern for Christianity many traitorous elements had assembled in order to pursue tendencies hostile to the state and in this manner had created difficulties for the third Reich. "Herewith I declare," said the Minister of Interior amid great applause, that the government would not tolerate these tactics indefinitely but is determined to take action against such traitors and enemies of the State."—*Transocean Kuo Min.*

A NEW SCHOOL APPOINTMENT

"Careers" Masters

(Special Air Mail Service)

Glasgow, Nov. 15.

The possibility of careers masters and mistresses being appointed to Scottish schools was indicated by Mr. C. A. Oakley, Divisional Director, National Institute of Industrial Psychology, in Glasgow yesterday when he delivered a public lecture in the council room of the City of Glasgow Society of Social Service. His subject was entitled "The Choice of Careers" Lieutenant-Colonel R. R. Stewart, chairman of the Society, presided.

Mr. Oakley said that it was difficult to say how many mistakes there were in industry and commerce, but undoubtedly the number was very large. By mistake he meant not only those who had failed to reach highly remunerative positions but also those who might be useful and happy in their work.

Since the war a great deal of attention had been given in Scotland and in England to the possibility of advising people in the choice of careers according to their ability and mental qualifications. No less than eight experiments had been carried out in Great Britain to prepare methods which would later be used by careers masters and mistresses.

Training Course

The majority of these experiments had been carried out in Scotland during the past six years at schools in Dunfermline and in the county of Fife, and on these experiments a report was likely to be published within the next few weeks.

It was hoped that perhaps next year, and certainly the year after that, there would be a three-weeks vacation course in one of the Scottish Training Colleges, where teachers presently qualified in psychology would receive the additional training necessary for undertaking a careers advisoryship. The aim was that every child in Scotland should be given vocational guidance at the time he was leaving school.

IRISH COUNSEL KIDNAPPED

Tar Poured Over His Head

Dublin, Dec. 8.

A large force of police is scouring the city for the kidnappers of the State Counsel, Mr. Patrick McEnery, who has been appearing for the Irish Free State in the prosecutions of members of the Irish Republican Army before the Military Tribunal at Dublin, and who yesterday evening was kidnapped by a party of armed men close to his home at Dalkey, near Dublin.

He was taken off in a motor-car and was found later chained to the gates of the prison where the persons who were sentenced by the Tribunal were detained.

Tar had been put on his head and the reports, on cardboard, of the cases in which he had prosecuted before the Military Tribunal, were tied around him.

Mr. McEnery said that his captors told him that his conduct as State Counsel in connection with certain cases against members of the I.R.A. was not considered proper.—*Reuter.*

DUKE'S VISIT TO END

Sailing From Brisbane

London, Dec. 7.

The Duke of Gloucester's visit to Australia will conclude on Monday, when he is due to sail from Brisbane for New Zealand. He fulfilled his last public duties in Brisbane to-day, including the launch by wireless of the 24,000-ton Orient Liner which is under construction at Barrow-in-Furness.

The Duke is spending the week-end privately at a coastal station house, where he will have opportunities of swimming and deep sea fishing.

At a Rotary luncheon, where he was the guest to-day, the Duke said he was convinced that what-even divergent opinions Australian people might possess on other subjects, two sentiments were common to all and were so deeply ingrained as to be part of their being, namely affection for the Crown and loyalty to the Empire.—*British Wireless.*

Weak Teeth

are usually due to a lack of Calcium (lime) in the body

For Women

Kalzana is of the greatest value in regulating the bodily functions. Any lack of calcium results in pain and prostration, but these are quickly relieved as soon as the shortage is made good. By taking Kalzana, the scientifically approved calcium treatment, you can avoid pain and discomfort. By restoring the balance of calcium in a natural way, Kalzana must do you good, and cannot possibly be harmful.

Remember that your teeth are living parts of your body. The food they require is Kalzana, the calcium food. If your teeth get too little calcium, they become weak and liable to decay.

Such teeth are a constant cause of pain and trouble and never look healthy.

Start taking Kalzana and notice how quickly your teeth become strong and white. By taking Kalzana, pain and trouble are prevented, decay is arrested and your teeth permanently strengthened.

Make your teeth strong and white with KALZANA

Weak and difficult Children

are often so because of a lack of calcium in the body. Rapid growth demands a great deal of calcium to form strong bones and healthy tissues. When kept short of calcium, children become nervous and moody, and difficult to manage.

Rickets

are a sure sign of lack of calcium. Give your child Kalzana, the calcium food. Kalzana will make his bones strong and straight, will overcome weakness and will prevent deformation.

Children

"A listless difficult child" is a child whose constitution "is out of order," writes a famous physician.

After having examined a great many difficult children, he writes: "I could prove that the blood of many so-called 'difficult' children was poor in Calcium."

Children take Kalzana Tablets like sweets, a sure sign that their system is in urgent need of it.

In Diarrhoea—

Kalzana hastens the healing of the ulcerated and inflamed areas and soothes the nerves. With Kalzana the diarrhoea will very quickly stop.

"By the use of 6 Kalzana tablets daily the Diarrhoea [in two severe cases] was stopped in an amazingly short time," writes Dr. ZUNTZ, the world-famous Physician.

Lack of Calcium

in the body causes many different complaints. Regain your health by taking

KALZANA

The Calcium Food

At all Chemists

Made by the manufacturers of Sanelogen & Formaminol

Before Baby comes

The expectant mother should be careful to remember that she must supply all the calcium needed to form her baby's bones and tissues. Kalzana gives all the extra calcium needed, and corrects any shortage in the mother's diet. It protects the mother against loss of hair, decay of the teeth, vomiting, general weakness and debility, whilst it also ensures her baby against any predisposition to rickets.

Preserve your own health, and safeguard your baby's by taking Kalzana in good time.

(Use it during the last six months of your pregnancy)

Note

Only in the scientific form of Kalzana—a combination of calcium-lactate and sodium-lactate—are you sure that the calcium will be absorbed and retained by the body. Ordinary calcium administrations are often useless. It must be Kalzana.

Characteristic signs of lack of calcium in the body are:

- / Eczema
- / Nightsweats
- / Inflammation of the Skin, caused through unhealthy blood.
- / Nettlerash
- / Colds of long duration
- / Bleeding of the Nose and other forms of excessive bleeding.
- / Loss of Hair
- / Tooth decay

These complaints show that your body is suffering from a lack of calcium. Kalzana will conquer your complaint by removing its cause (lack of calcium).

The opinion of well-known medical papers about KALZANA:

"The Pharmaceutical Journal of New Zealand," Jan. 1930.

"Kalzana has been used with very good results in cases of calcium deficiency, such as bone diseases, dental caries, rickets, weakness in growing children, during pregnancy, and lactation—in fact, in all cases where a diet with an excessive calcium content is necessary. Rickets too are a typical sign of a lack of calcium. Kalzana will set all that right, and very soon your child will be happy and healthy again."

"The British Journal of Tuberculosis," April 1929:

"We have employed Kalzana with much advantage in the management of delicate children. It seems to be of considerable service in cases of rickets and other morbid conditions of bone and also as a preventive of dental caries. For pregnant women Kalzana is often beneficial."

A WINTER'S TALE

Three Centuries Ago
SHAKESPEARE
praised the Virtues of

SHERRY

TO-DAY, no matter where you go or what the occasion, you find people drinking Sherry... a revival of the sensible habit which existed in our grandfather's time, when the Sherry decanter stood always ready on the sideboard...

Then, Before lunch, you are offered Sherry instead of the now demode Cocktail... And, of course, the Cocktail parties are now Sherry parties...

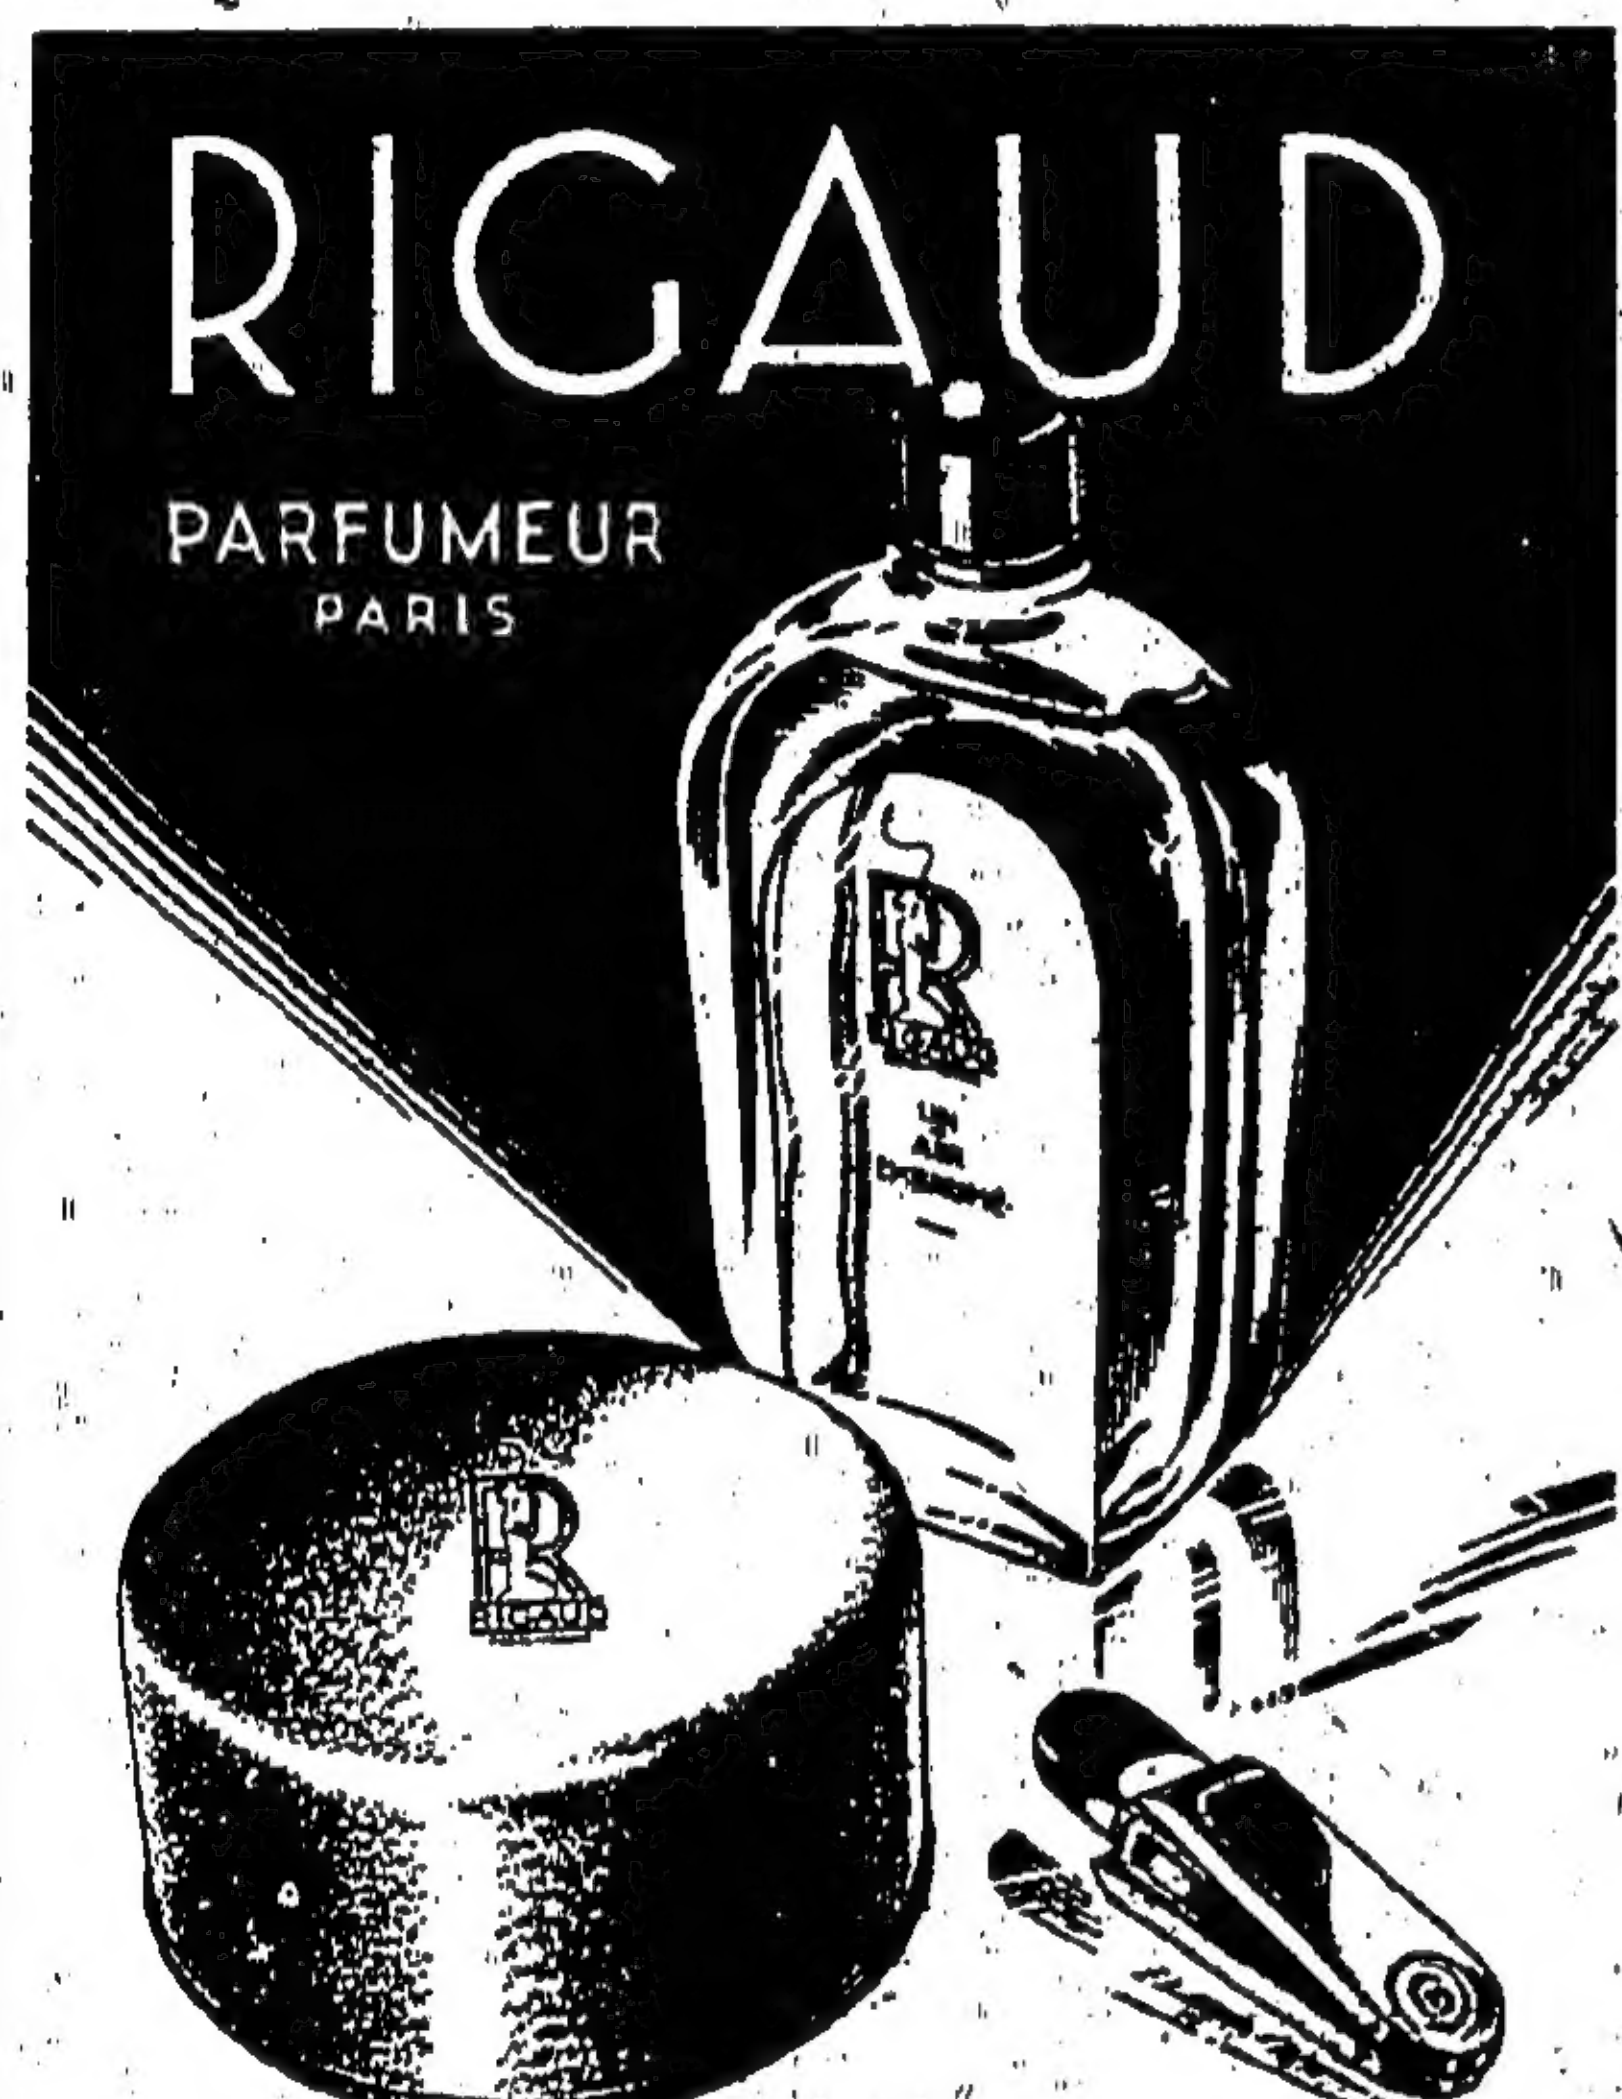

Sherry is undoubtedly the fashionable drink of This Age, and rightly so, for its clean, nutty flavour is the perfect appetiser.

It is economical in use unlike most wines, Sherry does not deteriorate after opening.

But choose the right Sherry... Winter's Tale speaks for itself.

BUILDING ORDINANCE

The Gazette contains the draft of "An Ordinance to amend and consolidate the law relating to the construction of Buildings:—

The Objects and Reasons States: One of the recommendations in the Report of the Director of Medical and Sanitary Services on the need for re-organization of the Medical and Sanitary Services is that Regulations regarding the construction of buildings should come under a Buildings Ordinance.

Hitherto this subject has been dealt with under the Public Health and Buildings Ordinance (No. 1 of 1903).

It is felt that there are disadvantages in mixing provisions as to the design and construction of buildings, which concern mainly the Public Works Department, with provisions relating to house-cleaning and the prevention of disease, which are the special concern of the Sanitary and Medical Departments.

This Ordinance extracts from Ordinance No. 1 of 1903 (which it is intended shortly to repeal and replace) by another Ordinance or Ordinances dealing with Sanitation and the Prevention of Disease) those provisions which deal with the construction of buildings and concern the Public Works Department and amends them where amendment is considered necessary.

A Table of Correspondence attached to the Bill shows the origin of its various clauses and the nature of the amendments.

OBITUARY

Death Of Mrs. Gow
In Scotland

The death occurred on Friday afternoon at Brought Ferry, Scotland, of Mrs. Gow, wife of Mr. David Gow, formerly of the Hong Kong and Whampoa Dock Co., Ltd. The news of the sad event was received by cable on Saturday morning.

Mr. and Mrs. Gow left the Colony on the former's retirement in February of this year, settling down in Scotland. For some time prior to her departure for Home, Mrs. Gow had been in ill-health and was for a time patient at the War Memorial Hospital. She had been more or less under medical treatment ever since.

The late Mrs. Gow came out to Shanghai in 1922 with Mrs. Gordon Mackie and stayed there for a year, after which she returned to Hong Kong and in 1925 was married to Mr. Gow. She took a great interest in the Kowloon Union Church and Sunday School, and particularly in the Women's Guild, of which she was Hon. Secretary.

The deceased lady was Mr. Gow's second wife, and there is one daughter by the marriage, Flora. By the first marriage there was also a daughter, Margaret. Besides husband and daughter, Mrs. Gow leaves a sister and a brother, with all of whom much sympathy will be felt.

During her residence in the Colony, Mrs. Gow made numerous friends and was highly esteemed by all who knew her.

CONSTABLE CHARGED

Harchand Singh, an Indian police constable, was charged before Mr. Schofield at Central Magistracy on Saturday with misconduct. Defendant pleaded guilty to the charge and was fined \$100.

Mr. L. H. C. Calthrop, Assistant Superintendent of Police, who prosecuted, said that on Friday evening the defendant was assigned to take duty outside the China Fleet Club, from 8 p.m. to midnight.

At about 9 o'clock accused was seen by Mr. F. G. Hill, Secretary of the China Fleet Club in an intoxicated condition. Mr. Hill immediately reported the matter to No. 2 Police Station, and Sub-Inspector Roger was sent to the Club, but before he had arrived the defendant had already left.

He was found early in the morning on his way to the Central Police Station, still under the influence of liquor. His revolver, ammunition, cap, truncheon and torch-light were missing from his person. A search party went out to find the missing articles, which were later recovered.

"It was fortunate that the revolver did not fall into undesirable hands," said Mr. Calthrop. Accused joined the Force in 1926, and had four previous charges in connection with drunkenness.

POSSESSION OF OPIUM

On a charge of being in possession of 5½ taels of raw opium, Ting Wong was fined \$185 or, in default, three months' hard labour by Mr. Hamilton at Kowloon Magistracy on Saturday.

It was stated by Revenue officer W. G. Humphreys that at 6 p.m. on December 6 he went to No. 28, Tai Nam Street and "knocked on the door. After a long wait, a small window near the door was opened and the defendant peeped out. He was then heard to run

down the hall. Further knocking brought no response, so the raiding party went to the adjoining house and climbed across from one verandah to the other.

Before searching the house the revenue officers caught the defendant, who stated that he was a visitor to the floor. A search of the house was subsequently made, and two packets of raw opium, one on the roof of the kitchen and one on the small verandah outside the rear cubicle were found.

COUNTERFEIT COINS

Sentence of three months' hard labour was passed by Mr. Wynne-Jones at Central Magistracy on Saturday on Lam Ming who was charged with possession of 275 counterfeit coins.

According to Sergeant Goodwin, who prosecuted, defendant was arrested when leaving the Canton Steamship Wharf on Thursday last. On being searched 200 counterfeit 10-cent pieces and 50 5-cent coins were found in his pockets. Defendant's house in Apili Street, Shumshuipo, was searched the next day and 25 counterfeit 10-cent pieces were discovered in a drawer in his room.

LARGE OPIUM HAUL

Lam Cho and Kwan Kam, two watchmen on board fishing junk No. 61 H.W. were charged before Mr. Schofield on Saturday with being in possession of 21,000 taels of raw opium.

It was stated that information was received of the smuggling activities some days ago and a search party was organised led by Revenue Officer Grinnitt. When the officers boarded the junk, the opium was found concealed in kerosene tins. The master of the junk, Lau Tak, had absconded. A fine of \$5,000, in default, 12 months' hard labour was imposed on each of the defendants.

LOCAL BAZAARS IN AID OF CHARITIES

Successful Functions

St. Vincent de Paul

The 51st annual "Al Fresco" Fete of the Society of St. Vincent de Paul was held in the compound of Catholic Cathedral, Calne Road, yesterday, under the distinguished patronage of His Excellency the Governor, Sir William Peel, K.C.M.G., K.B.E.

The numerous stalls which displayed articles to suit all pockets were tastefully decorated, including the ever popular Ten Cents Stall, well stocked with everything for the kiddies; the Xmas Tree, heavily laden with prizes for old and young; the Souvenir Stall; the Surprise Cake with valuable gifts; the Chinese Stall; the ever busy Dart Gallery; and the Farm Yard which was wholly stocked with home-raised turkeys, geese, sucking pigs and chickens by the Dairy Farm, Ice and Cold Storage Co., Ltd.

That the fete was an immense success was evidenced by the large crowd that turned up to "do their duty to the poor." The prizes were beautiful as well as irresistible, and every one, old and young, came out with something in his or her hands, and judging by the smiles, one gathered that they were satisfied for the money spent for such a worthy cause.

It is gratifying to know that the Fete had evoked such splendid support as every dollar spent in it, was a contribution towards the splendid work of charity which the Society is doing for the relief of the poor of this Colony and the education of their children and also for providing housing accommodation and medical treatment.

GERMAN BAZAAR

The German Community held a Bazaar on Thursday last at the German Club, Connaught Road, in aid of the German Ladies Benevolent Club. The Bazaar which was opened by Frau H. G. Gipperich, wife of the local German Consul, in the presence of over 150 guests, was continued until Saturday night.

All the goods which were on sale were manufactured in Germany and most of them were sold on the first day, over \$500 having been collected, but the amount is expected to exceed \$1000 when some remaining chits are collected.

Dr. W. Altenburg, Consul-General for Germany at Canton, and Mrs. Altenburg came down especially to attend the function. Mr. A. B. Noebel, attached to the Ger-

LOCAL WEDDING

Stonebridge-Davidson

A pretty wedding was solemnised at St. Andrew's Church, Kowloon on Saturday when Miss Monica Stonebridge, eldest daughter of the late Mr. and Mrs. J. B. Stonebridge of Ealing, London, became the bride of Mr. John Davidson, of the Import and Export Department, The Rev. N. V. Halward, M.C., M.A., officiated.

The bride made a pretty picture as she entered the church on the arm of Mr. A. W. Davidson, the bridegroom's uncle, dressed in a white satin and tulle creation designed by Madame Le Vine, and carried a bouquet of white chrysanthemums and maiden hair fern. She was attended, as flower girl, by Miss "Poppy" Pass who wore a dress of blue crepe satin and carried a small basket of pink roses.

Mrs. B. Pass was the matron of Honour and she was dressed in sea blue marocain. The duties of best man were performed by Mr. T. A. Ellis.

After the ceremony, a reception was held in the Church Hall, and later in the evening the happy couple left for Repulse Bay where the honeymoon is being spent. The bride's going-away dress was a nigger brown ensemble with bag and gloves to match.

THE HAPSBURGS

Restoration Plans

A Hapsburg family council held at Mariastell, Austria, has decided that the 21-year-old Archduke Otto, head of the house, must abandon any idea of marrying for love and must dedicate himself to regaining the Austrian throne. The former Empress Zita, Archduke Otto's mother, is said to have obtained family agreement on her idea, that he ought to marry a Catholic.

It appeared from reports of the conference that the plan to restore the Hapsburg dynasty entailed the succession to President Wilhelm Miklas of Austria by Archduke Eugene of Hapsburg as a placeholder for Archduke Otto, under the tentative title of Reichsverweser. President Miklas' term expires on October 9, 1935. It would be the task of Archduke Eugene and his government to assure the Little Entente nations that an Austrian monarchy would be based on the idea of peace and friendship, and would not become a menace to any other nation.

The Recrelo Ladies went down to the C.B.A. Ladies by two goals to nil in a Caer Clark hockey match after a goalless first half.

The game was very evenly contested in the first stanza, the Recrelo Ladies putting up a very creditable defence. Goals by Miss Whitley and Miss Woolley in the last fifteen minutes of the game gave the C.B.A. Ladies the points.

H.K. Ladies v C.B. Schoolgirls
The Central British Schoolgirls were no match for the fast moving Hongkong Ladies at Sookunpoo on Saturday when they lost by seven goals to nil. The Schoolgirls had a very poor defence who were too prone to be too far up the field at times. The Hong Kong forwards combined well and was always dangerous. Goals were scored by Miss J. Churchill (2), Mrs. Harrop (2), Miss Ferguson, Miss Marsh, and Miss Jacks.

SAAR POLICE FORCE

Baron Alois's Report

(Special to the "Hong Kong Daily Press" (Copyright).)

Geneva, Dec. 8.
The question of an international police force for the Saar was dealt with by the League of Nations' public session on Saturday afternoon. Alois handed over his report showing the countries that had agreed to contribute contingents of police and made this subject to the consent of Germany.

Answering a query, the Saar Committee of Three said that the German Government had given a consenting answer. The Saar Committee therefore proposed that the League of Nations take cognizance of the fact that all the essential conditions were fulfilled.

Benes submitted a motion to this effect that the Council appoint an international committee to carry out the formation of the police force. The motion was carried without debate.

—*Transocean Kuo Min.*

SWISS HESITATION

That the Swiss Confederation's Constitution is not allowing Switzerland to furnish contingents for the Saar International police has been affirmed by a Swiss semi-official news agency which adds that although the Swiss Government, contrary to various reports, has not received any official invitation from the League Secretariat to participate in the proposed action, it received an enquiry from British quarters as to whether they would do so or not. The agency further states that the Federal Government has not yet taken the decision.

DEARTH OF SKILL

Every fresh step towards recovery in British industry is being confronted with a problem which promises to grow increasingly serious. The need of the moment is, without doubt, new markets, but, in proportion as that need is satisfied, the accompanying demand for skilled labour threatens to outrun the supply. A number of industries, especially in the Midlands, are already contending with this difficulty, and it is certain that they will be joined by many others long before we reach the peak of revival. Two main reasons have contributed to the dearth of skill. One, of course, is the prolonged depression. Large numbers of skilled workers, despairing of ever regaining employment in their old trades, have sought new jobs (probably unskilled or semi-skilled) in other districts, where they cannot easily be traced by their former employers; and, in any case, their skill has inevitably decayed with disuse. The second reason is the post-war reduction of the gap between skilled and unskilled wages, which has diminished the incentive to acquire skill. Now that a man can earn almost as much a week as a tram conductor, there is much less stimulus to go to the trouble of becoming, say, an ironmoulder, whose earnings may be only ten shillings more than that of the former.

It may be admitted up to a point that skill is becoming steadily less important with the advance of mechanisation. There are, nevertheless, very many trades which have not been and probably never can be mechanised, and others where the hand-made article will always be superior to the machine-made. In the ultimate resort, moreover, skill is predominant in the making of the machine itself. It is, indeed, easy to over-emphasise the factor of mechanisation in the displacement of skill. Britain can never hope to compete in the world's markets with the cheap mass-produced goods of the Far East. More than ever before her future as an exporting country will depend on the quality of her product, and it is skill that makes the difference between quality and shoddy. To suppose, therefore, that she can dispense with skill is a dangerous fallacy. Half-skilled men in highly skilled jobs are a source of waste which is bound to be reflected in costs and in diminished competitive capacity. Essentially, the problem is one that must be solved by the forethought of industry itself, although the Government is helping in some measure to foster human efficiency through the promotion of training centres throughout the country.

correspondent of the "Times" writes that the supreme command would probably be entrusted to a British officer, for the following reasons: firstly, the scheme originated with the British Government; secondly, President Knox of the Saar Governing Commission is an Englishman and it is considered desirable that the military chief should be of the same nationality; thirdly, it is expected that Great Britain will furnish the strongest contingent of two battalions whereas other States will furnish only one battalion each.

The correspondent states that the British Government is privately communicating with the Italian, Dutch, Swedish and Swiss Governments regarding their willingness to co-operate but that the League of Nations is not sending any direct invitations.

Hong Kong Call May Be Abandoned

(Special to the "Hong Kong Daily Press" (Copyright).)

Shanghai, Dec. 9.
From the local office of the China Merchants' Steam Navigation Company it is learnt that the Hong Kong call of the four steamers recently completed in England may be abandoned on account of the insistence of the authorities there for a special examination of Chinese masters and first and second officers. The Foreign and Communication Ministries have been petitioned to bring the matter to the attention of the Hong Kong authorities.

At present the first steamer, ss Halyuan, is commanded by a British captain and first officer. The second steamer Haiheng, however, is under a Chinese captain and the maiden trip will take place on Wednesday to Lienyun harbour. The third steamer Halli is expected here to-day, while the fourth, the Hachen, is due at the end of the month.

BANK HANDLING AGENCY

American Proposal For New Body

Washington, Dec. 8.

The United States administration has proposed to Congress the creation of a new Federal bank handling agency consisting of five members headed by Mr. Leo T. Crowley, Chairman of the Federal Deposit Insurance Corporation. The nation's banks are at present subject to periodical examination by five different agencies, which is a source of worry to the banks and makes them chary of granting loans. It is believed that one agency combining the work of the present five would relieve this worry and result in releasing millions of dollars credit to the whole nation.

Mr. Jesse Jones, Chairman of the Reconstruction Finance Corporation, Mr. Marriner Eccles, Chairman of the Federal Reserve Board and Mr. Charles West, Representative of Ohio, have already been chosen to assist Mr. Crowley.

"Why not send a shipload of food to the starving people in Spain?" Listeners throughout England to the broadcast of the "Music Hall" programme last night were startled to hear these words and interrupting the cross-talk of two comedians. A moment's silence followed, then a slight sound of scuffling, after which the comedians resumed.

It transpires that a man, believed to be a Communist, sitting at the back of the hall whence the broadcast was being made, in the presence of some hundreds of people suddenly jumped up and began shouting. He was immediately pounced on by the officials and ejected.

If Gossip We Must

(By "CHANCE")

After waiting a long time to see "Fresh Fields" the public were rewarded for their patience on Wednesday night when the play opened at the China Fleet Club Theatre. A full report of the play had already appeared in the Press but I cannot resist from saying that it was one of the best efforts of the local A. D. C. and full marks must be given to everybody concerned with the play—whether actively or behind the scenes. There were some beautiful dresses worn by the different ladies especially those worn by Mrs. Fay Grossman which suited her so well, more so the black velvet gown she wore for the last scene of the play. And the lingerie worn by Beryl Gough was very nice—it must have drawn many an envious look from the ladies in the audience while Mrs. Seilamy's green outfit was most becoming to her. The public supported the A. D. C. in great style and there were good houses at every performance. I went on Friday night and saw Mr. and Mrs. K. Valentine, Mr. and Mrs. L. V. Booth, Mr. and Mrs. A. P. Franklin and many others. It was such a cold night that the ladies were rather reluctant to have their coats off so that it was hard to describe their dresses.

BACK AGAIN
So many people left us during the summer that despite the fact that we have been welcoming friends back from their holidays for sometime past now that we still continue doing so. The latest arrivals came back on the R.M.S. Empress of Canada and they included Mr. and Mrs. C. E. Gahagan, Mr. R. L. Wylie, Mr. William Shenton, Mr. R. R. Roxborough Mr. S. T. Begg, Mr. and Mrs. A. R. Cox.

Supporters of the Turf will no doubt be glad to hear that Mr. Leo Frost is again back in the Colony. He returned with Mrs. Frost and as it was at one time rumoured that he would be transferred to another branch of Jardine's, the welcome this popular gentleman-rider will have will be all the more hearty.

THE FESTIVE SEASON
Window-shopping at the moment is perhaps the most popular pastime for the community at large for it is quite the time to make up our minds what to get for Xmas.

One particularly bright part about the approaching festivities is that they seem to bring improved trade along with them so that even some of our shares are beginning to look up. Going through Ice House Street the other day, I actually saw a group of brokers smiling and joking, just as they did before the slump came along and it is to be hoped that with this apparent return of confidence—or even just a little of it—will mean the departure of Old Man Depression from our midst.

THE MYSTERIOUS THREE
I have received several inquiries regarding the identity of the World, the Flesh and the Devil but I am afraid I am bound not to divulge any "state secrets." Anyway, I have it on good authority that the "Mysterious Three" as some people chose to call them, have decided to meet again in the very near future and this time they might issue invitations (only a limited number, mind you) to their luncheon party. A little bird whispers that one of them is an expert at palm reading so if any of you, dear readers, want your fortune told, something might be arranged, though you will have to run the risk of meeting, perhaps, the Devil.

SATURDAY NIGHT
Saturday night at Hotel Roof Garden was another success, and Yola and Paul were given a very hearty round of applause for their cariole number—17 was actually the best exhibition of its kind seen in the Colony to date, and the only trouble about the Roof Garden is that the floor space is so very limited. One of the merriest parties there was made up of Mr. and Mrs. Draper and Mr. and Mrs. Marshall, the last named being most attractive in her beautiful black gown. Mrs. Roxborough was in black velvet trimmed with silver lame. Mrs. Howard was in blue while "Jimmy" (Mrs.) Begg was in beige lace.

Looking very happy was Miss Hodgson who wore a blue gown with white spots. My attention was particularly attracted by a very pretty dark girl in black with a blouse of lame while Geoffrey Lammer was in very high spirits, dancing with a most attractive, young lady dressed in red. I was told that she was his cousin. The Russell sisters were there, Maggie in turquoise blue while her sister was in white and with them was Miss Smith who favoured pale pink. Nicky Morgenstern, the United Artists representative, was there with a lady in brown and latter in the evening I saw Mr. Alec Caplan dancing. I saw at least half-a-dozen new faces and quite a number of blondes made their debut on Saturday night. We would like to know who they were and also hope more new faces will be seen in the future.

Two cases of Diphtheria and one of cerebro-spinal fever were reported to the Health Authorities for the 24 hours ended Dec. 7.

The annual prize-giving of the Ellis Kadoorie School for Indians will be held next Saturday at 11 a.m. Mr. A. el Arculli will distribute the prizes.

Sir Victor Sassoon and Mr. B. A. Proulx were among the passengers who sailed on the s.s. President Grant which left on Friday midnight.

A display of drill and dancing will be given by the pupils of the Kowloon Junior British School in the West Lounge of the European Y.M.C.A. on Wednesday, December 19 at 5.30 p.m.

Holders of private letter boxes at the General Post Office may exchange them for boxes at the Kowloon Central Post Office if application is made to the Postmaster General before December 31.

The Rev. Irving C. Tomlinson, C.S.B., of Boston, Mass., will deliver a free lecture, entitled "Christian Science: A Practical Religion" in the Roof Garden, Hong Kong Hotel, on Thursday, December 13, at 5.45 p.m.

The first performance of the Helena May Institute pantomime "Aladdin" will be staged next Thursday, and not on Wednesday. Those who have already bought tickets for Wednesday can change them at Anderson's, or can have the money refunded.

Mr. Leo Frost, Hong Kong's champion jockey, accompanied by Mrs. Frost, returned from England by the s.s. Antenor yesterday. Mr. J. D. Thomson, the Secretary of the Dairy Farm, accompanied by his wife and two daughters, also returned by the same steamer.

Sham Wai-shi widow, late of 16, Bridges Street, 2nd floor, who died on December 7, 1933, left local estate valued at \$7,800. Probates have been granted to Sham Chung-fu and Sham Chung-ling, gentlemen.

The following passengers sailed on the R.M.S. Empress of Russia from Vancouver, B.C. on December 1, 1934, for the Orient: Mr. C. C. Stark (Standard Vacuum Oil Co.), Mr. and Mrs. D. Tolleson, Mrs. E. F. Bowdler, Mr. R. A. May, Mr. and Mrs. W. G. Harrison and Son, Mr. W. A. Orwin.

LOCAL AND GENERAL

A special service was held at the Catholic Cathedral of the Immaculate Conception yesterday for the Officers and men of the Italian cruiser Quarto, now in port. Sacred music was provided by the Band and Choir of the ship.

The R.M.S. Empress of Canada brought back quite a large number of local residents on Friday last among whom were—Sir William Shenton, (principal of Deacons), Sir E. Kadoorie, Col. M. H. Logan (a principal of Logan and Amps), Mr. R. R. Roxburgh, Mr. and Mrs. A. R. Cox, and Mr. and Mrs. C. E. Gahagan.

Mr. F. E. Webb, the Inspector of the Society for the Prevention of Cruelty to Animals, who was reported missing after leaving his room at the Airline Hotel on Tuesday evening, has made a reappearance. He made a report at the Water Police Station on Friday evening.

YUGOSLAVIA'S ACCUSATIONS AGAINST HUNGARY

Responsibility For The Marseilles Assassinations

FRANCE SUPPORTS YUGOSLAVIA
Charges Vigorously Contested
By Hungary

(Special to "Hong Kong Daily Press")
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894.
Received, December 8, 1.30 p.m.)
Geneva, Dec. 8.

After Yefitch had finished his speech recapitulating the charges made by Yugoslavia against Hungary, the Hungarian delegate at the League of Nations, Eckhardt, delivered a reply lasting three quarters of an hour in which he contested the accusations of Yefitch point by point. Eckhardt said that for weeks past a systematic and violent campaign was in progress to undermine Hungary's honour. He contrasted this with the self-restraint exhibited by Hungary which felt itself attacked without reason. Although Hungary deplores the tragedy of Marseilles the Yugoslavian Press began to attack immediately after the assassinations and had already expatriated 3600 Hungarian nationals. Hungary does not propose to take reprisals but asks the League of Nations to intervene.

Turning then to the text of the Yugoslavian memorandum itself, Eckhardt declared that not a single charge was capable of substantiation. For example the dissolution of the Junka Pusztu began in April and ended in October. The Hungarian Government knows of no country where measures against the Croatian emigrants are so restricted, as in Hungary. Never had either civil or military authority been engaged in training the emigre terrorists. Never had emigres obtained arms or explosives from the military authorities. Never had they received money and never had Croatian emigres obtained Hungarian passports legally. Hungary had neither organised nor encouraged plotting against Yugoslavia. The rights of asylum which Hungary had granted to political refugees from Yugoslavia never exceeded the limits prescribed by generally current practice. As the murderer Georgijev has never been on Hungarian soil he cannot have prepared the murderous deed in Hungary.

Hungary, concluded the speaker, had a thousand years of tradition to its credit and had no necessity to make propaganda for itself. The Hungarian revision of which the Little Entente complained was exactly the opposite of terrorism, being instead the means towards a constructive peace policy.

FRENCH SUPPORT

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894.
Received, December 9, 1.30 a.m.)
Geneva, Dec. 8.

M. Laval electrified his hearers in the League of Nations Council on Saturday afternoon when as the first speaker of the day on the question of the Yugoslavian memorandum, he threw one sensational declaration after another into the arena. After the Council had adopted the report of the Saar Committee of Three, Benes laid down his presidency, according to his announced intention, his place being taken by Vasconcellos. As soon as the debate was opened, M. Laval took the floor, declaring in his opening sentence that France stood unequivocally on the side of Yugoslavia. Those who had shot at King Alexander had really aimed a shot at the world's peace. Though desperately provoked, Yugoslavia had not followed the example of others twenty years ago and plunged into war but had with admirable self-control laid the matter before the League.

It was now the task of the League of Nations, continued Laval, to prove itself worthy of the high confidence placed in it. It is now a question of exercising the whole moral authority of the League of Nations Council to give Yugoslavia satisfaction. In order that the world may learn through the atrocity in Marseilles that international solidarity in future makes such deeds impossible.

Laval then supported every charge brought in the Yugoslavian memorandum, repeating specifically the accusations against the Hungarian officers and officials. Laval cried out "Demands for revision threaten peace. Whoever attempts to alter any existing frontier jeopardises peace in Europe."

HUNGARY'S INDIFFERENCE
Dealing with the assertion of the Hungarian Government that she knew nothing of the activity of Yugoslavian emigres, Laval stressed the point that the Yugoslavian Government had drawn the attention of the Hungarian Government long ago to the terrorist activity of its refugees but there had been practically no tangible result. A comprehensive new international authority is imperative which would effectively suppress political proposals in this direction. Interested governments must not neglect to discover and to punish all implicated in the Marseilles crime. In particular, the Hungarian Government's duty is to resume its investigations so as to bring about condign and effectual punishment.

Laval concluded by saying that crime must not be the tool of politics. Violence injures civilisation and imperils the peace of Europe. It is not enough to express condemnation, insufficient to set up the principle of political morality. The League of Nations must act. Sanction based on international action must be one of the results of this discussion.

ITALIAN VIEWPOINT
Baron Aloisi then spoke. The Italian pronouncement had been awaited with special tension since it was assumed that Aloisi would deal with the problem of treaty revision. Aloisi's remarks were clearly directed against Benes' words on Friday.

The Italian delegate emphasised that the honour of Hungary demanded that all occurrences and accusations be cleared up. The League of Nations' Council had heard both sides. The Council must take into consideration that concerning the measures against terrorists, Hungary and Yugoslavia had come to an agreement. This fact proved the goodwill of Yugoslavia. Aloisi then stressed the point that the Hungarian delegate had specifically stated that his country's revisionary policy was absolutely peaceful.

Aloisi concluded by saying that the Italian Government was the first to establish the principle that the existing treaties must be adapted to the new demands of life to-day, but such policy is quite pursuable by peaceful means.

A BITTER ATMOSPHERE

Geneva, Dec. 9.
In an atmosphere vitiated by bitterness at the hurried expulsions of Hungarians from Yugoslavia, determined efforts were made by Mr. Anthony Eden particularly to keep all political allusions out of the consideration of the Yugoslav memorandum and confine it strictly to a juridical angle. The efforts, however, are not conspicuously successful for M. Laval decidedly announced French support for Yugoslavia in reference to the charges in connection with the murder of King Alexander and Baron Aloisi on behalf of Italy.

PAINFUL IMPRESSION

London, Dec. 8.
That "mass deportations of Hungarians from Yugoslavia have caused a painful impression in England is evidenced from the comments of British papers. The "Times" sees the root of the evil in the fact that there are too many people in Europe despairing of life. The Yugoslav decision to expel the entire Hungarian population from Yugoslavia revealed the blindness to the trend of public opinion and it is fortunate that the decision has been annulled. The "Daily Telegraph" deplores the "ruthless expulsions while the pro-Hungarian "Daily Mail" urges her former allies to bring moral pressure to bear on Yugoslavia.

MYSTERIOUS EVENTS IN SINGAPORE

Japanese Questioned By The Police

London, Dec. 8.

The secrecy with which police action in regard to certain Japanese subjects in Singapore is surrounded is a source of conjecture in London where the usually reliable reports are circulating that this activity concerns alleged espionage on the part of the above mentioned people, some of whom are said to be naval officers, who, after questioning by the police, made an abrupt return to Japan.

Some reports anticipate deportations of other Japanese to follow as it is believed there is a lack of complete evidence to preclude a prosecution. Official circles in London discount another report to the effect that the forthcoming naval manoeuvres in Singapore are to be held in secret as a result of these developments.

The total imports of 13 countries with which Britain had trading agreements and excluding Russia, where figures were not complete had increased in the past ten months from £36,500,000 in 1932 to £46,000,000.

Dealing with the Government's shipping policy, Mr. Runciman said that Britain had patiently put her case before the foreign countries at the World Economic Conference and not one of the big subsidy-paying countries would pay any attention to complaints.

WEEK-END SOCCER

Army & Civilians To Meet In "Lai Wah" Cup Final

(By "PIVOT")

The Royal Welsh Fusiliers made their debut in local soccer yesterday and went down to the Gunners by the odd goal in three. They are as yet unaccustomed to local conditions and will progress later on in the season. They have potentialities and will certainly make themselves at home before long.

St. Joseph's was no match for the Lincolns and went down by five goals to one.

Hats off to the Army team. They have accomplished something contrary to expectations and general belief. Not only have they beaten the all conquering South China team but they came out on top in all departments of the game on Saturday.

The Civilians came off, as expected but the Navy were not deserving of their defeat. Holding the Civilians for three quarters of the game and leading by 2 goals to 1 at the interval somehow or other, they slackened and with brilliant concerted movements, thanks to the Gosano brothers, the Civilians managed to turn the tables on them.

A very unfortunate accident occurred in the third division encounter between the Radio and the Police in which M. H. Hassan had the misfortune to fracture his leg and had to be removed to Hospital.

Yesterday's Games

R.A. v. R.W.F.

Making their debut in local soccer yesterday the Royal Welsh Fusiliers had to bow to the Gunners by the odd goal in three.

They have as yet to get used to local conditions and will certainly be able to show their capabilities to better advantage later on in the season.

Kicking off with the sun against them, they were not long in testing the Gunners' custodian and soon both goalies were called upon to deal with some fast shots. The Gunners were presented with a couple of sitters but shot wide.

The Fusiliers opened the score first through Harrison and shortly before the interval Morton equalised following a pass which he headed into the net.

After the resumption Pardoe tested the Fusiliers from far out.

Tad to end play was the order until close to the final whistle when Morton put the Gunners ahead from a pass from the right wing.

The Saints were no match for the soldiers and had to acknowledge defeat by six goals to one. Play was very ragged with the soldiers doing most of the attacking. With the exception of Albert Ward the forward line was much below par.

Before the interval the soldiers were leading by three goals to one scored by Higgins who rushed the goalie, Baldry from a free kick against the goal keeper and Higgins again from a corner kick. Ward scored the Saints solitary point. After the interval the soldiers piled on another 3 goals, Higgins scoring all of them.

SECOND DIVISION

S.C.A. v. E. LANCES.

South China were defeated by a faster and better team in the East Lances by five clear goals. The soldiers were all over the Chinese and scored at will. Before the interval they were two up and three more were scored in the second stanza.

R.W.F. v. R.A.

In a very even and interesting game the Royal Welsh Fusiliers second eleven played a drawn game of one goal all with the Gunners junior on the Club ground yesterday, both goals being scored in the first half. Play was fast and exchanges even, both sets of defence excelling in their department. Although both custodians were tested in their second half they managed to keep their charge intact.

THIRD DIVISION

RAILWAY v. R.A.S.C.

Railway went down to the R.A.S.C. at home yesterday by the odd goal to 5. Hopper scored from 30 yards range and the Railway equalised through Wong Kam Woon before the interval. Clark and Beasley scored after the break.

LAI WAH CUP SEMI-FINALS

'Chinese' and 'Navy' Eliminated

The Army team defeated the Chinese by the odd goal in three contrary to expectations and they will now meet the Civilians in the final. Playing a class of football that nonplussed the Chinese defence at times and being superior in all phases of the game, the Army were worthy victors.

In the first half the Army were playing better football, thanks to their defence, especially Morrison, who played a sterling game.

Tam Kong Pak and Wong Mee Shun played a very forceful and useful game but they were up against an inspired opposition and their efforts were nullified.

The Army took a very early lead, Pardoe taking a snap shot at goal through a bunch of players with the Chinese custodian momentarily unswitched.

The early lead put vigour into the Army team. Exchanges were fast and even and the Army forwards were dangerous.

Several raids by the Chinese forwards found Morrison & Co. on top and timely clearances saved many a critical situation.

The Army had a golden opportunity to increase their lead when Balry sent Edmunds through with only the goalkeeper to beat when the latter overran.

Closely after Lau Mau miskicked and Higgins snapped up the opportunity to put the Army two up, when he beat Wong Wing to the ball.

After the resumption the Chinese livened up considerably. Wong Mee Shun sent Fung King Cheung through on a clever run, and the latter sent in a beautiful pile driver "first time" to the left corner of the net to reduce the Army's lead.

For the next ten minutes or so the Chinese did as they liked but Durham was equal to the occasion and brought off many a fine save. Their movements were invariably checked by the Army defence and although they were playing very good football they found themselves up against the Army defence which was at the top of its form.

'CIVILIANS' v. 'NAVY'

After being two goals in arrears at the interval, the Civilians played a well concerted and brilliant second half when they scored four goals to oust the Navy.

After ten minutes' play Navy scored through Smith after the latter had received from Cannel. The Navy were close to another sitter when Chris Pile when positioned near Rodger, handled. The spot kick was saved by Rodger but the kick was disallowed, and when re-taken the ball went over the bar.

Navy, however, soon added their second goal when Cannel scored again from a pass from Killey.

A. V. Gosano was nearly through on his own but West was there and the Civilians' effort was balked.

About five minutes from the breather, the Civilians reduced their deficit when from a melee in front of the Navy goal B. Gosano caught Pepper unaware with a rising shot.

Navy continued to attack and Rodger saved from McGuire.

After the breather the Civilians were very aggressive and before long "A.V." equalised with a header from a pass by Blackford.

Stephens was presented with a gift goal when Pepper, in clearing a shot, bounced the leather when the former snatched the ball into an empty goal. The final goal was scored by "A.V."

The Navy appeared to be completely demoralised after this.

Lay's Brilliant Display

A feature of the week-end cricket League matches was the brilliant batting display by A. T. Lay who scored the first century in premier League cricket this season. In spite of his effort, however, the Kowloon Cricket Club could only draw with the Navy. The Army just managed to defeat the Indian Recreation Club while the match between Club de Recreio and the Craigengower ended in a draw—Omar signalled his welcome return to the latter team by taking 6 wickets for 21 runs.

Three Junior League games were also played, the Kowloon Cricket Club drawing with the Navy while the Police ran out easy victors against the Royal Engineers. The Craigengower C.C. defeated the Club de Recreio by 21 runs.

SENIOR LEAGUE

ARMY DEFEAT INDIANS

Having already lost one League match and drawn another, the Indian Recreation Club are practically out of the running for the Championship honours this season.

When playing at home to the Army on Saturday they sustained yet another defeat.

Batting first, the Army declared at 7 wickets for 155 runs, to which Major Bonavia, Lieut. Williams, Lieut. de Pritchard and Capt. Walsh contributed useful scores. M. el Arculli, was the only bowler to meet with any success, taking 3 wickets for 17 runs.

The Indian Recreation Club, in reply, were all out for 129 runs. F. D. Ferreira played a gallant innings when he scored 31 not out in a vain effort to save his side from defeat. A. S. Sumad, was second top-scorer with 25 runs. Garthwaite (4 for 34) and Ballard (5 for 45) did all the damage.

The scores were:—Army:—155 for 7 dec. (Major Bonavia 27, Lieut. Williams 20, Lieut. de Pritchard 38, Capt. Walsh 28, M. el Arculli 3 for 17).

I.R.C.:—129 (A. S. Sumad 25, F. D. Ferreira 31 not out, Garthwaite 4 for 34, Ballard 5 for 45).

K.C.C. v. NAVY

In spite of the good batting display by A. T. Lay and E. C. Fincher who put on 147 runs for the first wicket, the Kowloon Cricket Club collapsed dismally to declare at 7 wickets for 190 runs, when they met the Navy in a League encounter.

A. T. Lay scored his 100 out of 161 in 80 minutes. He played a chanceless innings which included 16 boundaries. E. C. Fincher gave a very polished display in his innings of 80.

Although the K.C.C. declared at quite a big score, they were lucky not to have lost, for were it not through a misunderstanding, Lt. Holland-Martin and Pay Comdr. Hargreaves would have scored the necessary runs to beat the K.C.C.

Besant bowled well for the Navy, taking 4 wickets for 31. With the exception of Fincher and Lay, the only other batsman to reach double figure was T. Zimmern.

With 191 runs to get to win, the Navy had 157 runs for 8 wickets when stumps were drawn. Lt. Bramwell scored 45 while Pay Comdr. Hargreaves contributed 54. Lee was in good form with the ball, securing 3 wickets for 17 runs.

The scores were:—K.C.C.:—190 for 7 (E. C. Fincher 80, A. T. Lay 100, F. Zimmern 17 not out, Besant 4 for 31).

Royal Navy:—157 for 8 (Lt. Bramwell 45, Pay Comdr. Hargreaves 54, Lt. Holland-Martin 25, Lt. Parkes-Smith 20, Lee 3 for 17).

CRAIGENGOWER FORCED TO A DRAW

Silva Saves Recreio From Defeat

Refusing to hit out, P.M.N. da Silva played out time to give the Recreio a point, when his side met the Craigengower in a premier League game on Saturday at King's Park.

Against the bowling of A. P. Pereira, the Craigengower were forced to score slowly, thus declaring too late to force a win.

F. R. Zimmern was in good form with his bat, hitting up 92, but only one other batsman reached double figure. A. E. Hamson had 24. A. P. Pereira was in deadly form with the ball, claiming 6 victims for 37 runs.

In reply, the Recreio could score only 27 runs for 8 wickets when stumps were drawn. P.M.N. da Silva played a gallant knock for

The scores were:—I.R.C.:—130 (A. R. Kitchell 22, A. R. Sumad 21, T.M.L. Redmond 5 for 45, A. D. Lowson 2 for 12).

SCHOOLBOYS DEFEATED

The Diocesan Boys' School were defeated by the Civil Service at Happy Valley on Saturday.

The scores were:—D.B.S.:—85 (A. Zimmern 21, C. Lee 1, N. Whitley 6 for 12).

On Saturday, the Club outplayed the Army in every department of the game when the two Fifteens met on the former's ground. The pace was fast throughout and the Army were often left standing, as it were, by the magnificent display of McGilchrist who crossed the line on no less than three occasions. The Club's three-quarters combined well and the forwards were better at the scrums than their slightly heavier opponents. Griffiths, too, proved a tower of strength in the Club's forward line.

The Army began well and, before the game was very old, Metcalf scored for them. He failed to convert. The Club was not long in evening matters and McGilchrist crossed the line almost immediately after. He showed a tremendous burst of pace, Castleton converted. McGilchrist, however, continued to show a fast pace when play was once more in the Army's 25 and he crossed the line, and full points was obtained when Castleton converted again. The Club's third try came from Turner, Robertson converting. Griffiths now came into the picture and thanks to a clever piece of passing, enabled Turner to score between the posts just before the interval.

In the second half, the Club sent Rigg over the line, the forwards were playing very well together and very soon McGilchrist scored again for Castleton to add full points. The same player scored between the posts very shortly afterwards, being responsible for a brilliant run. Robertson once again converted.

Metcalf scored a penalty goal for the Army for offside, just before the end.

Major H.M.J. McIntyre refereed. The teams were as follows:—Club: Goldman, Rigg, Robertson, Griffiths, McGilchrist, Turner, Meeks, Bramble, Peers, Barlow, Bradford, Garrod, Cumming, Castleton and Edkins.

DAY OF SURPRISES IN MACAO

Big Dividends Order Of The Day

SANDY BAY ACCOUNTS FOR SOUTH CHINA CUP

(BY "MORNING DEW")

Favourites had a very bad day at Macao where in six out of seven races, they failed to turn up. The dividends were consequently on the big side, the smallest in the first six races being \$38 and the biggest \$138.

Sandy Bay won the South China Cup, the main race of the day. He just warded off Young Chap. Boxing Eve accounted for Tillicum, while Limelight was responsible for the biggest dividend of the afternoon when he accounted for Chief Seattle by a neck. Lemberg beat Jungle Jim in the "C" Class race, while in the opening event, Vago came in to pay \$51.50 for a win.

The only race where the ponies ran true to form, was in the Ladies race, where Miss Betty Fair brought home Valley Hall to beat Bold Commander in a close finish.

\$74,000 FOR \$2 TICKET

Before the first race, the drawing for the big sweep conducted by the South China Athletic Association took place. The numbers were arranged on a very large board near the paddock and attracted a good deal of attention. Full details of the draw appear elsewhere in this issue. The first prize exceed \$74,000.

Vago

The racing started in sensational manner when Vago, accounted for a field of nine ponies over six furlongs. Ridden by a jockey unknown to local racegoers, the pony was very sparsely backed, but he led from start to finish. Valley Hall ran very convincingly and deserved second place, while Ironsides just nosed out Banjolina for third place.

Lemberg

Jungle Jim did not appear to run at all well under his heavy load of 168 pounds. Lemberg took things pretty easily and after staying in front for a good bit of the way, allowed the others to pass him, but as soon as the straight was reached, Fung gave him the bit and he just came through to win easily. Jungle Jim was second and Bistre third.

Soldier of Fortune

The third race, over six furlongs was started so far behind the six furlongs post as to be almost an extra hundred yards. Soldier of Fortune won this race from Chivalrous by half a length with Sarabande a head behind. No Fear and Pie Face led, but both were spent before the straight was reached. Delightful Chance was never in the picture, while Helder Skelter and Chesterfield were victims of a very bad start.

Sandy Bay

Mr. Davis, riding Sandy Bay, took the lead early on in the race for the South China Cup. He was accompanied by Heart's Glory and the two were so far ahead at the

top of the straight that there was no chance of their being caught up. However, Heart's Glory tired very rapidly and allowed King's Parade and Young Chap to pass him. Sandy Bay tired very rapidly after passing the Distance Post and was all but beaten by Young Chap. Had the race been three yards longer, the verdict, I am certain, would have gone against him. King's Parade was third.

Limelight

Limelight was handled very well by Mr. Pih to account for Chief Seattle in the fifth race. The latter was second most of the way, but Limelight was always in close attendance. What A Chance did the leading, but just after half way, Mr. Botelho had to apply the whip and the pony did not seem to respond. Limelight took the lead at the head of the straight with Chief Seattle and Bayardo close on his heels. He won by a short head to pay the biggest dividend of the day. Mr. Pih's mount only carried ten tickets.

Boxing Eve

The old stalwart, Boxing Eve won in grand style in the Stanley Handicap, when he led by a short head from Tillicum most of the journey and kept up his speed in the straight to win by a neck from Mrs. Dunbar's candidate. Racing Luck was third and the others were close up. This was the best race of the afternoon.

Ladies' Race

Bold Commander shot into the lead in the last race followed by Valley Hall. The two raced all the way home, Valley Hall getting the verdict, by a neck. Ironsides was third.

PROBLEMS IN CHINA

Professor's Views

(From Our Special Correspondent)

Canton, Dec. 9.

"China will be able to weather the present storm and stress by having a national government similar to the one in England, whereby other leaders besides Kuomintang members may participate in the government," Professor Carsun Chang, (Chang Chun Mal), noted Chinese scholar and leader of the National Socialist Party, declared to-day.

Stating that China is facing the most serious crisis in her history, the 47-year-old professor said that the best talents are needed to guide the ship of state out of the dangerous reefs and shoals and that to achieve this end there should be a coalition government which competent persons outside of the Kuomintang, the present ruling party, should also be permitted to join.

Professor Chang made it clear that his political party is very much different from Herr Hitler's in that the Chinese National Socialist Party does not favour dictatorship but endorses socialism on a national basis. He also advocated wide executive power to cope with the present emergency which is akin to a state of war.

Educated in Tokyo and Berlin, Dr. Chang attended the London School of Economics in 1919 and among his philosophical and literary works is the translation of Professor Harold J. Laski's "Grammar of Politics" which is widely read in China. In 1931, Dr. Chang was a visiting professor at Jena University, Thuringen, Germany, where he lectured on Chinese philosophy. At present he is studying industrial conditions in Canton.

An opponent to party dictatorship, Dr. Chang said that there must be a plan of national reconstruction, pointing out that public money must be used properly in view of China's limited reserve. He believes in compulsory education and political unity within the country.

"China's foreign policy should be friendly to all Powers," continued this political leader. "We must, however, count on self-help, and it would be unwise to rely on the help of any particular Power, as this would have the effect of antagonizing others."

As regards Manchuria, Prof. Chang stressed that it must be recovered from Japan, but said that "China must first have a modern army backed up by a national will to fight."

KWANGTUNG COAL

Canton, Dec. 8.

It is well-known that the coal deposits of Kwangtung Province are of great richness, and as the result of recent investigations, it has been discovered that at the present rate of consumption, the deposits are capable of supplying the whole province for a thousand years and more.

Not only in Kwangtung self-supporting, but it can supply the whole country and even the world's markets, when the coal deposits are properly developed.

At present, very few of the native coal deposits are worked, present wants being met with imported coal.

It is reported that the richest deposits of coal are situated in the Pak Hong and Kuk Kong Districts. Rich deposits also exist in the Ng Yuen and Mow Ming Districts.

It is estimated that these districts are capable of producing over 20 million tons of coal per year.

FOREIGNERS ON TRAVEL

New Regulations Introduced

(From Our Special Correspondent)

Canton, Dec. 9.

The rights of foreign travellers in the interior of Kwangtung are regulated by a new ruling of the Ministry of Foreign Affairs and are communicated to the Provincial Bureau of Public Safety here and the various country administrations.

According to the regulations of the Ministry of Foreign Affairs, the permits issued to foreigners travelling in the interior are good only for one year subject to the immunities and restrictions in the treaties.

However, no foreigners are allowed to pass through places of military importance or where military movements are going on. This is to prevent espionage by spies in places of strategic importance, while zones infested by bandits and Communists should not be visited by foreign travellers.

The ruling adds that these requirements are subject to changes in special circumstances. Such permits amount to information to the military authorities as to the whereabouts of foreign tourists in order to give them better protection in the interior.

KWANGTUNG PROVINCIAL BANK NOTES

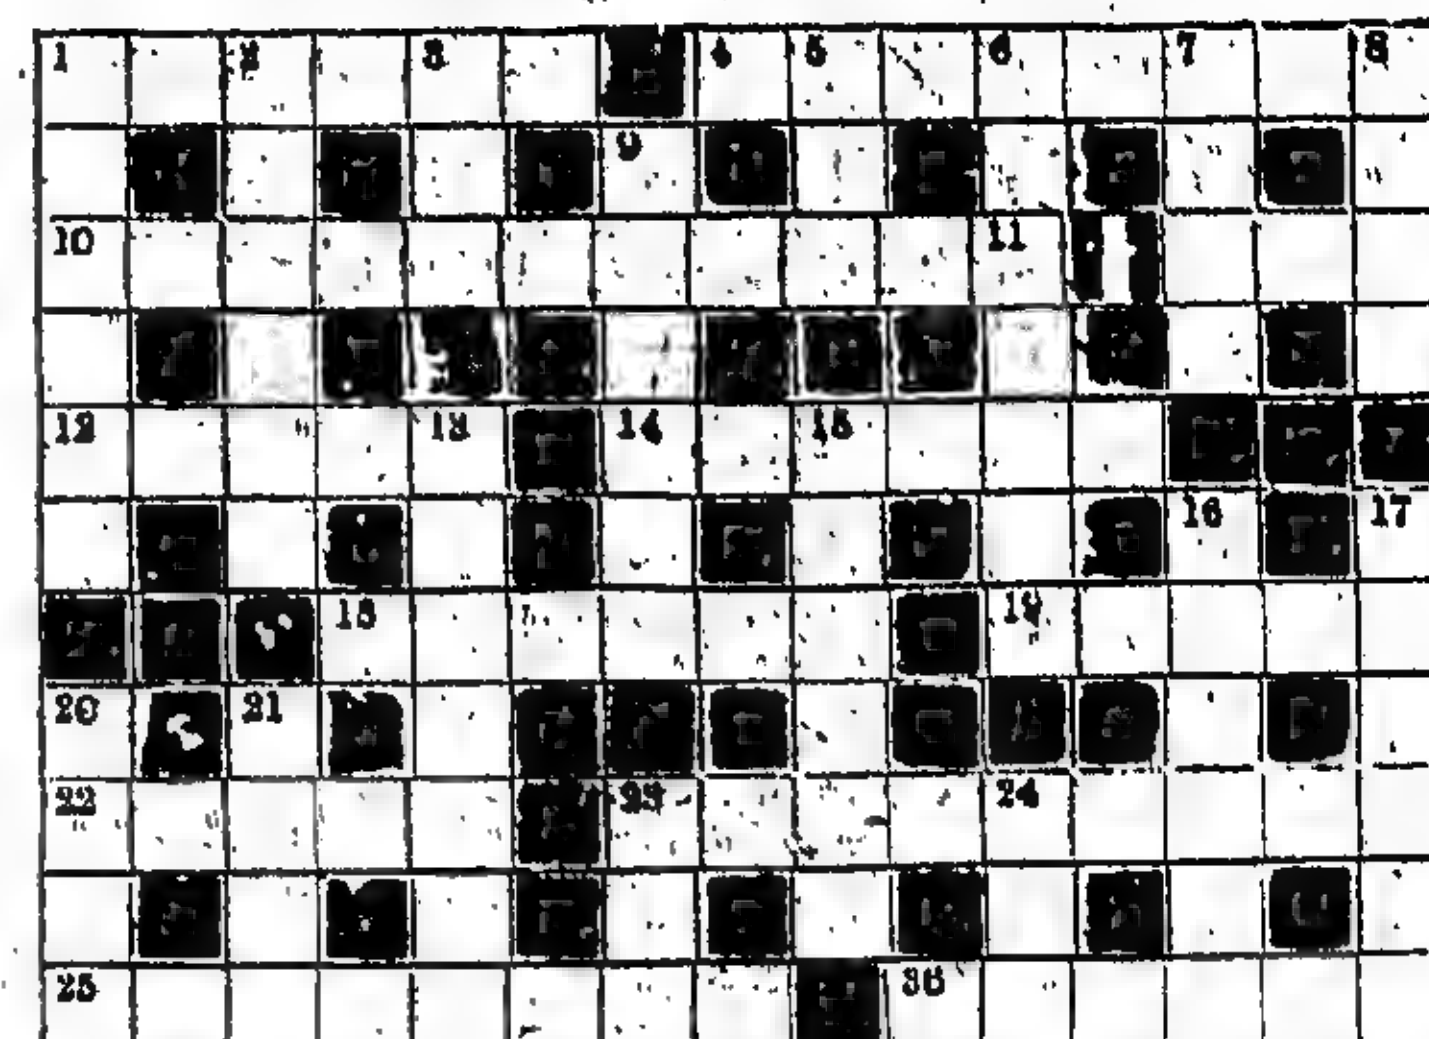

Canton, Dec. 8.

A short time ago, the Kwangtung Provincial Bank ordered \$100,000 in ten-cent and fifty-cent notes from Hong Kong for circulation in the city.

These bank-notes have been received by the bank, and will be put into circulation as soon as they are signed, but it has not yet been decided whether or not they will be circulated in the different districts of the province.

BERLIN BOURSE

(Special to the "Hong Kong Daily Press" (Copyright).)

Berlin, Dec. 8.

Both share and bond markets were elated in tone, prices in almost all sections closing higher. This continued brightness was largely due to the good news from industrial headquarters, for instance, that the yearly report of the Ruhr coal syndicate was favourable, the department stores' big Christmas turnover, the nitrate market in November was satisfactory. Share transactions were of considerable extent. Fixed interest securities' turnover was not great but advances were the rule of the day, sometimes in the case of State loans by 1 1/2 per cent. Call Money 3 1/2 to 4, Young Loan advanced 1/8 to 98 1/2, Reichsbank improved 2 to 147, Dyestuffs rose 1 1/2 to 134, Salzdetfurth Potash dropped 2 to 148, German Steel Trusts gained 1 to 41, German Mineral Oils 1 1/2 firmer at 10 1/2, Siemens-Halske sprang 2 1/2 to 139, Bernberg-Rayon declined 1 to 120 1/2.

In almost all sections the share market prices closed at the week-end were much lower than at the beginning despite the fact that the week opened well and that on Friday and Saturday rises were substantial. The cause of this market abnormality was the shock given to the market on Tuesday by the promulgation of the new laws reorganising the credit and capital markets and limiting cash dividends payable after this to 6 or in special cases to 8 per cent. Investors took fright and sold, about all "heavy" shares whose market price was far above parity. As the exact purport of the new laws had become recognised, the market began recovering but when closed on Saturday had not made up the decline earlier in the week. Fixed interest securities were, on the rise throughout, this being in harmony with the intention of the new law which aims at conversions at an early date.—
